<https://hub.instantfunding.io/en-US/challenges?partner=3084>

Please make sure when the website is presented to you, it looks similar to the below screenshots.

Make sure it says **Instant Funding**, do not choose any other account type option

The screenshot shows a 'Purchase' section with the heading 'Choose one challenge'. Below this is a 'Start Here' section with the Instant Funding logo. The interface is divided into several sections for account configuration:

- Account Type:** Three options are shown: 'Instant Funding' (highlighted in purple and marked 'popular'), 'One-Phase Challenge', and 'Two-Phase Challenge'. Below 'Instant Funding' is a box indicating '25,000 Free Challenges'.
- Account Balance:** A row of buttons for account balances: '\$625', '\$1,250', '\$2,500', '\$5,000', '\$10,000' (highlighted in purple), '\$20,000', '\$40,000', and '\$80,000'.
- Account Type (Second Section):** Two options: 'Commission Free' (highlighted in purple and marked 'popular') and 'RAW Spreads'.
- Platform:** Three options: 'CTRADER', 'Match-Trader' (marked 'Works in' with a US flag), and 'MetaTrader 5' (highlighted in purple).
- Add-Ons:** Two rows of options, both highlighted in purple and set to 'Enabled':
 - '10% Profit Split Increase' (Enabled)
 - 'Allow Weekend Holding + Major News Trading (Leverage 1:30)' (Enabled)

Choose the amount you would like to buy in terms of a **funded account**. MUST be 10 000USD or more

Make sure it says **Commission Free** as an option

Make sure you choose **Metatrader 5**, as the AI only works on Metatrader 5

Enable the 2 addons:

1. **10% profit split.** What this means is that instant funding will payout to you the customer 90% of the profits, and they will keep 10% of the profits. You will then pay us our performance fee from the 90% profit. Essentially you will keep 60% of the profits and we will bill you the performance fee.

(Example 10 000 account with instant funding. We make you 10% for the month, your balance is 11 000, you are able to withdraw 900 and you would pay us 270 and you keep 630)

2. **Allow weekend hold + major news trading.** This is not really necessary but the AI does sometimes hold a position for a few days, and it might fall over the weekend,

Please then fill in all your details on the right side.
